We are excited to announce a new club for Block 2 - we are setting up a Lego Club for children from 1st to 6th class!

 **Why Join the LEGO Club?**

Lego Club is designed to be much more than just playing; it's a fantastic environment for learning and development. By participating, children will have the opportunity to:

1. **Have Fun and Be Creative:** The core of the club is providing a relaxed, enjoyable space where children can unleash their imagination, experiment with designs, and bring incredible, unique structures to life.
2. **Engage in Critical Thinking Tasks:** Students will be presented with engaging building challenges and problem-solving scenarios that require them to plan, adapt their designs, and think logically to achieve a goal.
3. **Enhance Key Skills:** The hands-on building naturally improves **fine motor skills**, while the collaborative nature of the challenges will enhance **communication** and **working together** skills as they share ideas and rely on each other to complete complex projects.

Lego club will run for one hour on Tuesdays, from 2pm to 3pm. This will be for 4 weeks running the following dates:

Dates:	<b>Collection will be from the main reception door (at the front office)</b>
